DETAILED ACTION

Response to Amendment

1. Applicant's remarks filed 4/5/04 have been entered and carefully considered. In view of applicant's arguments the 102 rejection over Borge is withdrawn. Despite this advance, Applicant's arguments are not found persuasive of patentability for reasons set forth herein below.

Claim Rejections - 35 USC § 103

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1-12 are rejected under 35 U.S.C. 103(a) as being unpatentable over Snyder 5344707 in view of Borge (3616150), as set forth in the previous action.

Applicant argues that Snyder fails to teach blend of different fibers. However, Borge teaches a blend. It would have been obvious to a person having ordinary skill in the art to utilize a blend of fibers in the invention of Snyder. Such a modification would have been motivated by the desire to utilize the benefits of multiple fiber types.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1771

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
